

2019 Organic Plant CSA

Sage Creations Organic Farm · Palisade, Colorado

Join our Organic Plant CSA to get organically grown plant starts, seeds and educational resources to new and experienced home gardeners throughout the growing season. You'll save more than 10% on plants and get first pick options at our plant sale along with first-rate gardening advice.

We grow a large range of vegetable plants, cutting flowers, bedding flowers and a multitude of herbs, both culinary and medicinal at Sage Creations. Our selection is made up of heirloom, open-pollinated and American Award Selection Winners. Our customers are amazed at how well our plants do for them. We use certified organic potting soil and amendments – our special ingredients aide in the health of the plants. We have countless testimonials that our plants have a health and vigor like no other.

Become a CSA member by choosing the size membership that works for you. Once the season begins, you can come to the farm as often as you wish to pick up plant starts and seeds. We'll keep a record so that you can adjust and adapt your garden throughout the season.

All CSA plant selections will be made up of 4" pots, 2 ½" pots and 6 packs and organic seeds for direct sowing.

What plants and varieties will be available?

Please look at our plant selection (sagecreationsorganicfarm.com/at-the-farm/greenhouse). We will be updating some of the offerings, but most of the plants listed for 2017 will be available for 2018. Please email us if you have any special requests. We will try to accommodate you.

When will plants be available?

Early Spring: Hardy herbs, greens, brassicas, seeds for beets, carrots, radishes, peas, strawberries. First planting and seed selection ready by the second and third week in April.

After Last Spring Frost: The second week of May we will have several plantings of everything. Tomatoes, Squash, Melon, Cucumbers, Peppers, Winter Squash, seeds for beans, Annual Flowers and you can expect a weekly plant sale at the garden every week throughout all of May and into early June.
